HOME OF FINE GLADIOLUS

Foreword

In presenting my 1951 Price List to you I hope to describe these Gladiolus to you in the same manner that we would discuss them if we were in the patch talking over the good and bad points of each variety. Some may do better in your soil and climate than they do for me, and again it may be reversed. But regardless you will get it straight on the variety the way they performed for me. If they are good I want you to have them, if not I don't want anyone to purchase even a bulb of anything I would not grow myself. So I will not brag up a variety to get rid of it. The easier way is throw it in the creek.

I do have many varieties that I am not listing, the stock is too small and must increase before offering for sale. I also have Seedlings of my own crosses if they continue to do well I will be offering some day for your approval.

I want to Thank customers that have bought of me in the past and I hope they will "Come Again" and to those who have not purchased I am asking you to try an order and see if you are not used more than right. Wish everyone a successful season in 1951.

Terms

I trust that your order will not be under \$2.00 after packing and mailing costs are deducted there is little profit in smaller orders. If your order is under \$2.00 we must ask for the postage. Orders over \$2.00 will be sent prepaid except where bulbs are bought wholesale the carrying charges are on the buyer.

Orders will be acknowledged when received and shipment made when weather permits. I shall fill orders in rotation and they will be filled by myself and you can be assured of getting good bulbs or your money back. All bulbs are offered subject to prior sale. Should the bulbs not suit you when you receive them let me know the trouble at once, then I shall make it right or return your money and you return the bulbs. But remember I can do nothing after the bulbs are planted, as I cannot guarantee the outcome after they are once in the ground.

You will receive plenty of extras and over count, and we wish you would state if another size would be accepted if we were out of the size you order, it would save writing you.

The bulbs are dusted with D D T and we are State Inspected.

Bulbs will not be sent C O D unless at least 50% of purchase price accompanies the order. And all orders must have a deposit with the order to hold it with the full amount before shipping.

The varieties marked with an (*) can be purchased in large quantities at wholesale price or at least certain size of them can be. I hope I can be of service to you and I guarantee you will be pleased or NO SALE.

General Retail Price List

Ten bulbs at 8 times the single price. 100 at 8 times the ten price.
